

2ND ACT INTERGENERATIONAL FORUM

AGEING IN THE 21ST CENTURY

Public Forum on Ageing Research

10am - 2pm, Thursday 30th October

Keynote lecture

Baby Boomers: Will They Remake the World?
Emeritus Professor Sol Encel, University of NSW

Participate

Have your say at two open discussion forums. A panel will take your questions and hear your opinions on the topics of:

- **Memory and Ageing**
With: Michelle McGrath, CEO, Alzheimer's ACT & others
- **Community Participation and Healthy Ageing**
With: Lorraine Higgins, CEO, Volunteering ACT & others

Speakers

Canberra postgraduate students will be speaking about their research on various topics in successful ageing, including:

- Magnetic Resonance Imaging (MRI) and its role in ageing research
- Health and physical activity in ageing
- Bereavement and cognitive function: Some surprising results
- In-car assistive technologies to help with safe mobility in ageing

Plentiful free parking. Free lunch and refreshments provided

When: Thursday October 30th, 10am – 2pm

Where: Old Canberra House, Lennox Crossing, Australian National University (near the National Museum)

This event is free however **REGISTRATION IS ESSENTIAL**. Please register to attend by calling **Kim** on **6125 7881** or email: **Kim.Kiely@anu.edu.au**
