February Forum

With support from CSIRO Discovery Centre

“Is Alzheimer’s Disease Preventable?”

Professor Kaarin Anstey

Director, Dementia Collaborative Research Centre:

Early Diagnosis and Prevention

Australian National University

GUEST SPEAKER PROFILE

Professor Kaarin Anstey is Director of the DCRC - Early Diagnosis and Prevention, Director of the Ageing Research Unit at the Centre for Mental Health Research, and an NHMRC Senior Research Fellow. She completed her PhD in cognitive ageing in 1997 and undertook an NHMRC Training Fellowship at Flinders University and Neuroscience Research Australia from 1998-2001. Her research interests include the epidemiology of cognitive decline and dementia, depression in late life, predictors of longevity, psychological wellbeing, driving and mobility, and longitudinal methods. She is the Principal Investigator on an NHMRC Strategic Grant on Ageing Well Ageing Productively that involves pooling 9 longitudinal ageing studies to model health and ageing.

Free Event

17th February 4:00pm-5:30pm (tea and coffee from 4pm)

Discovery Centre, CSIRO, Clunies Ross Street, ACT
