AAG VIC Division
Third biennial 1 day conference

ABOUT

This one-day conference brings together academics, industry partners and community members to explore what ageing well means, and the diverse factors that shape each individual's experiences.

The program includes academic presentations by leading researchers in the field of healthy ageing and carer wellbeing, an expert panel discussion on the learnings from the new Aged Care Act, and an interactive workshop on staying active.

- Learn about current research which examines healthy ageing, carer wellbeing, rural care economy
- Participate in a staying active workshop focusing on maintaining your independence
- Hear from our diverse lived experience panel
- Network with other Victorian AAG members
